- Highly analytical and detail orientated with continuous improvement mindset.
- Ability to flourish with minimal guidance in a fast-paced environment, be proactive and handle uncertainty.

KEY PROJECTS

Tic Tac Toe

Link: <https://philwatson77.github.io/potential-disco/> |

- A simple HTML/CSS/JavaScript game built using the essential fundamentals and logic of the languages.

Game Database

Link: <https://games-database-2022.herokuapp.com/> |

- Crude application built with Ruby on Rails. Learned about database structures and key learning using API databases and created a website where one could enter the name of the game, and it would then generate the cover art for you.

Portfolio Website

Link: <https://philwatson77.github.io/legendary-system/> |

- Created the portfolio website to gain better understanding of HTML/CSS JavaScript.

EMPLOYMENT HISTORY

MACHINE OPERATOR

Mick Matto Excavation's/Mick Matto – All Over Victoria | January 2020 – March 2022

- Maintained and operated the Excavator and Skid Steer and expertly manoeuvred motorised heavy equipment to ensure the accurate removal and placement of materials.
- Read plans and excavated earth to the right levels as well as loaded and offloaded rocks, debris, and other materials from heavy equipment.
- Observed stipulated safety codes at all times and reported injuries and other accidents to the line manager.
- Advised the line manager of requisite upgrades, repairs, and replacements.
- Communicated with co-workers to elucidate project specifications, as needed and aiding co-workers to ensure that the site was clean and organised at the end of each shift.
- Provided suggestions to refine workflow and boost efficiency.

Key Achievements:

- During the years working in Construction, picked up many different skills in building and operating machinery and developed excellent communication and interpersonal skills. Developed good work habits and a great work mentality, demonstrating ability to try the hardest to get the job done no matter how big the task may seem. Never one to shy away from a challenge and always eager to learn and deliver work on time.
- Performed duties as machine operator to high company and industry standards whilst concurrently and successfully completing Software Engineering/Development course from General Assembly.
